

Super scissors - left-handed

50105

50105 + 50108

A top quality manufacturing and a functional design go hand in hand. Each pair will have to undergo at least twenty separate grinding and manufacturing processes before meeting our defining standard - a perfect cut to the very tip of the blades. The particular features of these left-handed scissors are the ergonomic handles and the blade linkage.

SUPER scissors made of high quality stainless steel hardened to 56 Rockwell. The blades are precision ground and screw fastened. The ergonomic handles are in tough ABS, virtually unbreakable, colour fast and dishwasher safe.
